II. State Conference News

The LAHO Organization holds a meeting each year prior to the opening of LACUSPA. This year the LAHO meeting was held on September 27 from 9:00 – 12:30 PM at the LePavillon Hotel in New Orleans, Louisiana. 24 housing professionals were in attendance. During this meeting a date and site for ERA was selected, 2 proposals were passed and officers were elected.

III. Awards

Awards are presented at the ERA conference in March.

IV. SEAHO Involvement

Due to budget cuts across the state and an increasing number of institutions going to privatized housing, the number of participants from Louisiana has decreased each year. The proposal was passed at the LAHO meeting was passed to discontinue doing business at the state meeting held during the conference. The organization is looking at ways to increase involvement in SEAHO and defer costs for potential conference attendees. One suggestion was to work on forming a "carpool" similar to the one done by Mississippi in the past. We will continue to seek ideas for increasing involvement from our state.

V. New Programs

None to report at this time.
